

ABEBE NEGA BELETE

Electrical & Computer Engineer (Computer Focus)

Full-Stack Developer | Machine Learning Enthusiast | Network Systems Enthusiast

Bahir Dar, Ethiopia | +251 960 024 931 | abebenega23@gmail.com | linkedin.com/in/abebe-nega-7635903aa | github.com/AbebeNega1

PROFESSIONAL SUMMARY

Electrical & Computer Engineering graduate (Computer Focus) with a CGPA of 3.84/4.00 and practical experience in software development, machine learning, networking, and computer systems. Skilled in designing and developing full-stack web applications using React, Node.js, Express.js, Flask, and MySQL, with additional hands-on experience in network infrastructure maintenance and troubleshooting. Developed an A+ graded machine learning-based healthcare system focused on patient urgency classification, disease prediction, and appointment scheduling. Recognized for strong analytical thinking, problem-solving ability, teamwork, and commitment to continuous learning. Seeking opportunities in Software Engineering, Full-Stack Development, Computer Engineering, Networking, and technology-driven innovation.

EDUCATION

Haramaya University

- ✓ *Bachelor of Science in Electrical & Computer Engineering (Computer Focus)*
- ✓ *Graduated: June 2026*
- ✓ *Academic Standing: CGPA 3.84/4.00 | Exit Examination Score: 78.75%*
- ✓ *Thesis: A+ Final Year Thesis Project*
- ✓ *Honors: Strong academic performance throughout undergraduate studies; received multiple academic recommendation letters recognizing technical competence, professionalism, and ethical conduct.*

TECHNICAL SKILLS

- ✓ **Programming Languages:** Python, JavaScript, Java
- ✓ **Frontend Development:** React.js, HTML5, CSS3, Responsive Web Design
- ✓ **Backend Development:** Node.js, Express.js, Flask
- ✓ **Databases:** MySQL
- ✓ **Machine Learning:** Machine Learning Fundamentals, Data Analysis Fundamentals, Predictive Modeling Concepts
- ✓ **Networking & Systems:** Network Installation & Maintenance, Network Troubleshooting, VLAN Concepts, Network Simulation, Computer Systems Fundamentals
- ✓ **Tools & Platforms:** Git, GitHub, VS Code, Postman

PROJECTS

Web-Based Intelligent Patient Triage & Appointment Management System (A+ Thesis)

Technologies: Python, Flask, Machine Learning, MySQL, HTML, CSS, JavaScript

- ✓ Designed and developed an intelligent healthcare decision-support system using machine learning techniques.
- ✓ Implemented patient urgency and priority classification to support healthcare service delivery.
- ✓ Integrated disease prediction functionality to assist preliminary patient assessment.
- ✓ Developed intelligent appointment scheduling to improve operational efficiency.
- ✓ Built a web-based platform for patient management and administrative workflows.
- ✓ [GitHub: github.com/AbebeNega1/intelligent-triage-system](https://github.com/AbebeNega1/intelligent-triage-system)

Garage Management System

Technologies: React.js, Node.js, Express.js, MySQL, HTML, CSS, JavaScript

- ✓ Developed a full-stack web application for managing garage operations, customer information, vehicle records, and maintenance activities.
- ✓ Designed database structures for efficient data management and retrieval.
- ✓ Implemented administrative functionalities to streamline workflow and record management.
- ✓ Created responsive user interfaces to improve user experience and accessibility.
- ✓ [GitHub: github.com/AbebeNega1/AAGYSGarage](https://github.com/AbebeNega1/AAGYSGarage)

EXPERIENCE

ICT Directorate Trainee / Technical Support Assistant

Haramaya University ICT Directorate (Sept 2025 – Jan 2026)

- ✓ Assisted in maintenance and troubleshooting of campus-wide network infrastructure.
- ✓ Participated in Wi-Fi installation, configuration, and maintenance activities.
- ✓ Supported diagnosis and resolution of network connectivity issues.
- ✓ Gained practical exposure to VLAN concepts and network administration.
- ✓ Assisted with network simulation and system support activities.
- ✓ Worked collaboratively with technical teams to ensure reliable communication services across university facilities.

CERTIFICATIONS

- ✓ Data Fundamentals – Global Chapters Ethiopia
- ✓ Android Fundamentals – Global Chapters Ethiopia
- ✓ Programming Fundamentals – Global Chapters Ethiopia
- ✓ AI Fundamentals – Global Chapters Ethiopia
- ✓ Employability Skills & Job Readiness Training

ACADEMIC ACHIEVEMENTS

- ✓ Graduating with distinction-level academic performance (CGPA 3.84/4.00).
- ✓ Achieved a 78.75% Exit Examination score.
- ✓ Earned an A+ grade for the final-year machine learning thesis project.
- ✓ Received academic recommendations recognizing technical competence, professionalism, and ethical conduct.
- ✓ Maintained active participation in academic, technical, and community-service activities throughout university studies.

LEADERSHIP & VOLUNTEER ACTIVITIES

- **Red Cross Club:** Participated in humanitarian and community service activities; assisted in awareness campaigns and blood donation mobilization programs.
- **Anti-Corruption Club:** Participated in ethics and transparency awareness initiatives.
- **Peace Forum:** Contributed to student engagement and peace-building discussions.
- **Anti-Drug Awareness Activities:** Participated in awareness programs promoting healthy and responsible lifestyles.

LANGUAGES

Amharic: Native Proficiency | **English:** Professional Working Proficiency
